

BRYAN TO BE MEMBER OF CABINET

This is Regarded as a Certainty by Political Prophets at Washington—Chairman McCombs and Southern Congressmen Also Suggested—Probability That Wilson's Official Family May Include Some College Men.

Washington, Nov. 6.—Cabinet makers are already busy conjuring with names of those who will share with Wilson in shaping the policy of the next administration. Necessarily this is purely gossip, but the cabinet builders are none the less active in pointing out the persons and the elements available as cabinet material.

Bryan Regarded as Sure Thing.
One of the available elements embraces those who were conspicuous party figures at the Baltimore convention, including Speaker Clark, Chairman Underwood of the ways and means committee, William J. Bryan, Governor Foss of Massachusetts, Governor Harrison of Ohio, and some others. It is generally assumed, however, that Speaker Clark and Chairman Underwood would prefer to continue their work in congress, especially now that the legislative programme on the tariff and other questions is likely to meet with fewer obstacles. As to Mr. Bryan, one of the democratic senators was quoted during the campaign as definitely assigning Mr. Bryan to a cabinet place in case of Wilson's election, although the latter stated about the same time that no consideration had been given to the personnel of the cabinet. None the less, speculation is active as to whether the Nebraska will have a portfolio.

Southern Congressmen Suggested.

Another element from which cabinet material is being suggested embraces those who have been prominently identified with the Wilson campaign, notably Chairman McCombs of the democratic national committee, Representatives Burleson and Henry of Texas, Representative Palmer of Pennsylvania, Assistant Chairman McAdoo and a number of others who bore the brunt of the conflict at Baltimore and during the campaign. Still another available element is made up of prominent party figures in the various states who were not conspicuously identified with the recent national committee and campaign, while another includes some of the veterans of the last democratic administration.

May Include College Men.
Outside of these usual elements from

which cabinets are constructed many foresee the entry of a considerable new element in public affairs, made up of men like Mr. Wilson who have been identified with collegiate, educational and the economic study of public questions. This opens a wide field of available material.

All of these activities of the cabinet makers is necessarily confined as yet to gossip and conjecture, and though various names are likely to be put forward from now on, nothing authoritative is expected until the president-elect himself has given mature consideration to those who will make up his official household.

RHODE ISLAND FOR WILSON.

Gives Him Plurality of 2,544—Taft Runs Second.

Providence, Nov. 6.—Although the democrats carried Rhode Island for Wilson yesterday, and gained one congressman, the republicans elected their majority in the legislature. Governor Potter was re-elected for a fifth term. Revised returns show a plurality of 2,544 for Wilson over Taft, with Roosevelt about 11,000 votes behind the latter.

VERMONT FOR TAFT.

President Leads Colonel in That State by 924 Votes.

White River Junction, Vt., Nov. 6.—With returns complete from Vermont's vote for the three leading presidential candidates, giving Taft 23,347, Roosevelt 22,322 and Wilson 15,397, attention was directed today to compiling the vote of the other national candidates. Returns on this vote from 102 out of

245 towns in the state had been received tonight. On the basis of these returns the state's total vote for the prohibition and socialist candidates was estimated as follows: Chaun, prohibition, 3,412; Debs, socialist, 1,322.

FEW STOCKS AFFECTED BY TUESDAY'S ELECTION.

Fear of Tariff Revision Depresses Sugar and Woolen Shares.

New York, Nov. 6.—After an early period of uncertainty, today's stock market, suddenly forged upward on a very large volume of business, recording net gains of two to four points in many of the more important cases. To what extent the rise was due to the yesterday's election, or to the general prosperity of the country, or perhaps to a conjunction of these conditions, must remain a matter of conjecture. It is noteworthy, however, that the market was at its best in the final hour, when a statement accepted by the financial press that Roosevelt's reassuring was issued by the president-elect.

London and the continent were purchasers of our stocks both in their own markets and later here. Public and private advices from abroad were of a tenor to indicate that the financial interests of Europe had substantially discounted yesterday's political upheaval and were prepared to accept the outcome with complacency. These advices were supplemented by the favorable comment of local banking and industrial interests. Over all was a feeling of relief that henceforward politics would cease to be a paramount factor.

The financial community is not unmindful of the fact that the democratic party is committed to tariff revision and that situation may be expected to find reflection from time to time in the securities of certain corporations whose destinies are considered more or less bound up in this city. Already, in fact, stocks of some such domestic corporations have suffered serious reverses, namely American Beet Sugar and American Sugar, while the shares of the American Woolen company also have manifested an easier tendency.

Quite apart from domestic considerations, however, it is believed that the immediate future of our stock market rests in large measure on the outcome of the war in southeastern Europe. Today's despatches from foreign centers on that point were more encouraging.

SENATOR DIXON'S CLAIM.

Progressives Are Second Party and Will Demand Patronage.

New York, Nov. 6.—"We have ended the fight, but the fight has just begun," said Senator Dixon, chairman of the progressive national committee, today as he superintended the closing of progressive headquarters. Under his direction and that of George W. Perkins nearly an entire floor in the senate was surrendered and only sufficient room was retained to wind up affairs.

"We shall not waste any time over yesterday's election," said Senator Dixon, "but shall begin at once the work of getting the new party in shape to accomplish results in the future. We have won second place as a party in the nation. What really means is not realized as yet, but when we go to Washington and ask recognition in federal patronage and on all boards and committees which are apportioned between the two leading parties our status will be made clear."

"Our plans for the immediate future will be decided upon at the meeting of the progressive national committee which I have called for Dec. 10 at Chicago. We will then take up the question of our representation in congress and what is to be done to increase the number of our men there two years hence. With the machinery in most states under our control jointly with the democratic party, we should then be able to accomplish much more than in this election."

WILSON GETS NEW HAMPSHIRE.
Republican Congressmen Defeated—Legislature to Elect Governor.

Concord, N. H., Nov. 6.—The question of the control of the state legislature which next year will be called upon to elect a governor, United States senator and four state senators, was still undecided tonight. Returns for president and governor had been received from all but the town of Claremont. These returns showed Governor Wilson's plurality in the state to be 1,828, and gave Pelzer, the democratic nominee for governor, a lead of 864 votes over Worcester, republican.

There was no choice for governor, however, as the law requires a majority vote. The same conditions prevail in four state senatorial districts. These elections will go to the legislature.

Both republicans and democrats were claiming control of the legislature tonight, but unofficial returns and comparisons indicated a slight republican lead.

New Hampshire will send two democratic congressmen to Washington. Congressman Cyrus Rutledge, who has been a member of the national house for eighteen years, and Congressman Frank D. Currier, both republicans, being defeated by Mayor Eugene F. Reed of Manchester and Raymond B. Stevens of Landaff.

ELECTION PLEASES EUROPE.

Do Not Expect Wilson to Uphold the Monroe Doctrine.

Paris, Nov. 6.—The Paris newspapers comment in a friendly way on the election of Woodrow Wilson and predict a useful administration. Some of the papers, in an attempt to discount the foreign policy of the United States, venture to believe that President Wilson will be less likely to intervene in the affairs of Central and South America than his two predecessors. This, it is remarked, will accord with the European ideas.

The Times says: "We are sure that we are voicing the unanimous sentiments of France in extending our sincerest good wishes to the American people. Mr. Wilson by a brilliant university career, the solid merits of his writings and the probity of his politics as governor of New Jersey has won general esteem. A man of great worth has been elected to preside over the destinies of a great nation."

Mexican Rebel Congratulates Wilson.

El Paso, Tex., Nov. 6.—The following telegram was sent today to Woodrow Wilson by Attorney Ricardo Gomez Roble, representative of the revolution in the north of Mexico:

"As representative of General Pascual Orozco and the revolutionary movement in Mexico, I cordially congratulate you. Especially sincere is our happiness at your success, since the platform of the democratic party is almost parallel to the reforms for which we of Mexico are fighting."

Elected on 17th Trial.

Riverhead, N. Y., Nov. 6.—Sixteen times a defeated candidate for coroner of Suffolk county in the past 25 years, Dr. Robert G. Cornwell for the 17th consecutive time the democratic nomination, and today his friends planned a dinner in honor of the fact that he has been swept into his long sought office with the democratic landslide.

Socialist Gains in Maine.

Portland, Me., Nov. 6.—Maine gave Governor Wilson a plurality of about 1,500 votes, according to practically complete returns from yesterday's election. The socialist vote given Debs

DOCTORS ADVISE OPERATIONS

Saved by Lydia E. Pinkham's Vegetable Compound.

Swarthmore, Penn. — "For fifteen years I suffered untold agony, and for one period of nearly two years I had hemorrhages and the doctors told me I would have to undergo an operation, but I began taking Lydia E. Pinkham's Vegetable Compound and am in good health now. I am all over the Change of Life and cannot praise your Vegetable Compound too highly. Every woman should take it at that time. I recommend it to both old and young for female troubles."—Mrs. EMILY SUMMERSGILL, Swarthmore, Pa.

Baltimore, Md. — "My troubles began with the loss of a child, and I had hemorrhages for four months. The doctors said an operation was necessary, but I dreaded it and decided to try Lydia E. Pinkham's Vegetable Compound. The medicine has made me a well woman and I feel strong and do my own work."—Mrs. J. R. PICKING, 1280 Sargeant St., Baltimore, Md.

Since we guarantee that all testimonials which we publish are genuine, is it not fair to suppose that if Lydia E. Pinkham's Vegetable Compound has the virtue to help these women it will help any other woman who is suffering in a like manner?

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

INSANE MAN SHOTS TWO OF HIS RELATIVES.

One of Victims Elected to the Legislature on Tuesday.

Aistead, N. H., Nov. 6.—Frank Kidder, an insane man, shot and fatally wounded his aged aunt, Miss Mary R. Richardson, slightly injured his uncle, Martin L. Richardson, and committed suicide here today as neighbors were about to overpower him. Mr. Richardson was elected to the legislature yesterday by the democratic party. Kidder was released from an asylum some time ago and had been living with his father, Erastus P. Kidder.

The shooting occurred while Miss Richardson and her brother were calling at the Kidder home. Frank Kidder apparently was pleased to see them, but during their conversation he suddenly drew a revolver and began firing.

Miss Richardson, who is 76 years old, was wounded in the abdomen and is not expected to recover.

To Remove Sallowiness, Blisters or Wrinkles

(From Family Physician)

Do you realize that just beneath that coarse, muddy or discolored complexion there's an exquisitely beautiful skin of youth, tint and delicacy? If you could only bring this complexion to the surface discarding the old one! You can—in the easiest, simplest, most natural manner imaginable just get an ounce of ordinary mercuric wax at any drug store, apply nightly like cold cream, removing it mornings with warm water. The wax assists Nature by gradually taking off the lingering particles of dead and half-dead surface skin, causing no discomfort whatever. Ordinarily it takes from a week to ten days to complete the transformation. Cutaneous defects like pimples, blotches, liver spots, moth patches, freckles, of course disappear with the old skin. Nothing else that I know of will accomplish such wonderful results in so short a time.

"Fine lines and even the deeper wrinkles often appear at an early age. In such cases nothing is better than a face bath made by dissolving 1 oz. powdered axolite in 1/2 pt. witch hazel. This is remarkably effective."

A Serious Joke on The Rabbit

The U. S. Gov't has been experimenting to discover the poisonous quality of Caffeine (found in coffee).

57 healthy rabbits were given an average dose of 5 1-10 grains.

—They all died.

See Gov't Bulletin No. 148,

Bureau of Chemistry.

A cup of coffee contains over 2 1-2 grains of Caffeine; enough in two cups to kill a rabbit.

Of course this joke was on the rabbits.

A goodly number of humorous Americans play the same joke on themselves and keep it up until some fixed form of disease sets in, as a result of the daily dose of Caffeine, in quantity enough to kill a rabbit, but only enough to

Cripple a Man.

Not at one blow, but by little blows repeated daily.

Of course some systems are strong enough to stand all kinds of abuse, but when a man or woman observes a growing nervousness, or heart trouble, stomach, bowel or eye disturbances, it is time to quit the daily dose of coffee and see if Nature will begin to heal.

It is easy to shift from coffee to Postum. The food beverage has the deep, seal-brown color which turns to a golden-brown when cream is added. The flavour has the crisp tang so winning to the palate and the cup is made instant by one struck spoonful of the powder,

INSTANT POSTUM

stirred in a cup of hot water, and there you are.

The change from coffee to Postum works wonders.
